

DESCRIPTION

Insheild double section wall mount cabinet is suitable for applications where security and accessibility are required, and floor space is at a premium. The cabinets are designed to hold multiple pieces of voice/data equipment comfortably. Ventilation is provided to allow active equipment to be installed, making it an ideal solution for small LAN's, retail units and remote sites. Insheild double section wall-mounted enclosures are designed to hold standard 19" rack mounted equipment and patch panels. The double section cabinet features a swing which allows easy back entry, a lockable glass door, adjustable front profiles and removable entry plates at the top and bottom.

FEATURES

- Easy maintenance through back side
- Removable side panel, easy to install and maintain
- Tempered glass Door with Lock and Key.
- Front door with over 180 turning degree;
- Ventilated door design
- Welded frame, Assembled structure with precise craftsmanship;
- Cable entry on the top cover and bottom panel with knock-out plate;
- L-shaped mounting profile, easy to adjustable on the mounting rail;
- Double Section, Compatible with 19" standard equipment's;
- Fan cutout on the top cover, easy to install fan;
